REMARKS

The specification is being amended to include prior application data. The claims are being amended to further clarify what Applicants regard as their invention. The International Application from which the present application claims priority, as originally filed, included claims 1-16; the International Application was amended to include claims 1-11. The amendments to the claims and specification add no new matter.

In view of the above amendments and remarks, it is submitted that the application is in condition for allowance. Applicants assert that the present invention is new, non-obvious and useful. Prompt notice of allowance is respectfully requested.

No fees are believed to be due in connection with this paper. However, if any fees are due, please charge any such fees associated with this paper to deposit account No. 05-0649.

Respectfully submitted,
